

Technical characteristics

Parameter	Characteristics
Supply voltage	8-36 V
Current consumption	up to 100 mA
Direct voltage exceeding	up to 200 V
Pulse voltage exceeding	up to 1 kV
Measurement error	1%
Ingress Protection	IP67
Ingress Protection of connector	IP67
Interface	RS-485
Operating temperature	-40°+80°C
Built-in galvanic isolation	+
Built-in temperature sensor	+
Built-in reverse polarity protection	+
Housing material	PA6 (glass-filled polyamide)
Cable length	7000 mm
Standard length of the probe	750 mm
